Source: Chicago Department of Aviation

From 2016 through 2018, SPS principal, Doug Goldberg, working under contract to others, led the planning and technical support related to the Chicago O'Hare International Airport Terminal Area Plan and new Airline Use & Lease Agreement. Doug Served as Chair of the Airline Technical Working Group for the Chicago Department of Aviation and provided strategic guidance and technical analysis with input from others, which led to the approval of the US\$8.5 Billion airport development program and execution of the 2018 Airline Use and Lease Agreement.
