

Location: Delhi, India
Airport: Indira Gandhi International Airport (DEL)
Client: Delhi International Airport, Ltd. DIAL
Project Title: Indira Gandhi International Airport Master Plan Update
Year: 2014-2016
Key Staff: Doug Goldberg & Sheila Thomas (with others)

SPS principals served as client officer, project manager and task leader, for the Indira Gandhi International Airport (IGIA) master plan, while with another firm. This master plan provided strategic guidance throughout the 20-year planning horizon by balancing the need for expanded infrastructure to meet forecast demand with a fiscally responsible plan of finance. SPS principles led work related to the airside plan, support facilities, sustainability planning, and overall master plan leadership.
